### TO WHOM IT MAY CONCERN

SPIN OFF Ltd., a New Zealand Company based at 0/33 Charlotte Street, Eden Terrace, Auckland 1021, New Zealand, is the exclusive distributor of our Phyto Shield and Red Seal products in Japan.

I have known the Managing Director of the company, Mr. Tomofumi Ogura, for more than a year now, and I find that this company is good fit to represent us in Japan. I have visited Fukuoka on two occasions during this time and have met the directors and managers of the distribution companies that Spin Off Ltd has appointed for our products, namely Keiyukai Ltd., My-Technical Ltd. and Natural Queen Ltd based in Kita Kyushu, Japan.

These companies in New Zealand and Japan have good knowledge of the Japanese market and I find them trustworthy and highly motivated. It has been exciting working with them and to see successful results soon.

We are very confident that our association with Spin Off Ltd. will grow and become stronger in the future.
